

The Town of Black Diamond's FCSS Board has determined that the taxi subsidy program, as it has been operating, is not functioning at an efficient level of service to the communities of Black Diamond and Turner Valley. As a result of this, the FCSS Board has decided that revisions to the program are required to ensure that an excellent level of service is provided to everyone. Effective immediately, and until the Board has had an opportunity to establish a new set of criteria, the only trips that will qualify for the subsidy will be medical appointments for senior residents (60+) and residents with disabilities.

The FCSS Board would like to apologize for any inconvenience that this temporary change may cause to the users of this service, and to offer its assurance that the new set of criteria will be established and released at the earliest available opportunity. At that time, applications for the subsidized service will be released to the public. The Board wishes to stress that the Diamond Valley Taxi has no control over this decision, as it is merely the service provider to the FCSS Board.

If you have any questions, please contact the Town of Black Diamond at 403-933-4348 and leave a message for Councillor Mike Ross.
